

# Butterfly T8 & T5

Butterfly

Butterfly

A versatile luminaire suitable for surface mounting or suspending (kits not supplied). Body and diffuser manufactured from white stove enamelled steel finished in gloss white powdercoat. Plastic end caps support a centrally mounted curved metal diffuser.

The diffuser is perforated to distribute indirect downward light, and is covered on the inside by an opal diffuser which also provides upward light contributing to LG 7.

Single lamp versions are available to special order.

**2-wire suspension kits** are available as an optional extra.

Please refer all 80w enquiries.

**Emergency** - Three hour maintained integral emergency conversion available on most of the range. Details [here](#).

This range is also available in a **slotted variant**.
