

Regal T8

Low Brightness Louvre

LG3 VDT Louvre

Prismatic Flat Sheet Tp(a) Diffuser

A contemporary design of surface luminaires for close ceiling or suspending (optional kits available), this range is suitable for louvres and frames for Fire Retardant Tp (a) Polycarbonate flat sheet prismatic diffuser.

Body is made of steel and finished in gloss white powder coat with an attractive bevelled edge.

4-wire suspension kits are available as an optional extra.

Louvres - All louvres attach to the bodies by wishbone springs. LG3 louvres are manufactured in anodised polished aluminium. Low brightness louvres are of a matt finish aluminium ribbed cross blade.

Diffusers - The fire retardant polycarbonate prismatic flat sheet diffusers are located into a frame by clips. The frame is then attached by wishbone springs giving an attractive flush finish.

Optional Diffusers - Opal to special order.

Emergency - Three hour maintained integral emergency conversion available - details [here](#).
