

# Surface Rio T5

[cryselco.co.uk/rio](http://cryselco.co.uk/rio)

The Rio is a surface luminaire with LG3 VDT polished aluminium wedge louvres and designed to take T5 tubes. The body is manufactured in steel and finished in white gloss powder coat.

The slim depth of the fitting is accentuated by being slightly spaced off the ceiling and having gently sloping sides.

The fitting can be semi recessed into the ceiling (20 mm) by the use of suspension bars (optional extra).

Please refer all 80w enquiries.

**Emergency** - Three hour maintained integral emergency conversion available.
